Light Source Specification

MicroLED 4000P Lightsource

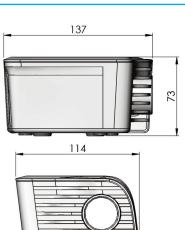

The UFO MicroLED 4000P light source is a powerful, yet efficient fibre optic light source, powered by LED technology and controlled by an advanced RF remote control which features a multi-colour touch wheel allowing you to instantly switch to almost any colour imaginable.

The light source remote control also gives the ability to start and stop colour cycling on any colour. It also features in-built synchronisation with the ability to control more than one unit with the same remote control.

Manufactured from duarable ABS and available in a choice of 3 colours - black, white and silver.

Suitable for use in multiple applications, including:

- Sensory harnesses & systems
- Colour change downlight systems
- Colour change sparkle ceiling
- Fibre optic sideglow illumination

Description	
Port connector size	30mm diameter
Fibre type	Glass/Polymer
Max no. of fibre tails	900 x 0.75mm
Supply voltage	110VAC 60Hz / 230 VAC 50 Hz
Power supply	External 12V PSU
Power consumption	2-5W in colour cycle mode
Min. ambient temperature	-10°C
Max. ambient temperature	45°C
Operating environment	Indoor / dry
Material	ABS
Colour	Black / White / Silver
Size	137mm (L) x 114mm (W) x 73mm (H)
Order Code	MICROLED-4000P-B / MICROLED-4000P-W / MICROLED-4000P-S

Like all our range, this light source is undergoing constant improvements and upgrades, so we reserve the right to alter specifications as required.

UL approval for this model is currently being processed.
